This diagram illustrates the exploded view of a mechanical assembly, likely a pump or valve component. The parts are numbered 1 through 18. The assembly includes a central cylindrical body (17) with a flange (18) and a threaded section (1). A series of gears or impellers (18) are shown in a sequence, suggesting a drive mechanism. A cross-shaped component (4) is shown with various fasteners (3, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16) and a bracket (13). A curved component (13) is also shown. The diagram is labeled 'USM-PROP-3' at the bottom right.

IMPORTANT NOTE ABOUT SERIAL NUMBERS AS THEY AFFECT INTERMEDIATE PROPELLER SHAFTS

On Model T214 the Intermediate Propeller Shaft was changed at different serial number points in the various body styles.

So as to simplify the specifying of orders, the Intermediate Shafts are classified by notes. Note 1 refers to shafts which were built into vehicles up to the serial numbers shown in the chart below. Intermediate Shafts listed under Note 2 were built into vehicles after serial numbers shown for the different body styles.

NOTE 1

Weapon Carrier—Less Winch.....	Up to serial No. 81637634
	Except 81634147 thru 81637300
Weapon Carrier—With Winch.....	Up to serial No. 81637527
	Except 81634147 thru 81637300
Command—Less Winch }	Up to serial No. 81634137
Command—With Radio }	
Command—With Winch.....	Up to Serial No. 81634153
Ambulance.....	Up to Serial No. 81634135
Carry All.....	Up to Serial No. 81634134
Emergency Repair Chassis }	Up to Serial No. 81637634
Telephone Maintenance }	

NOTE 2

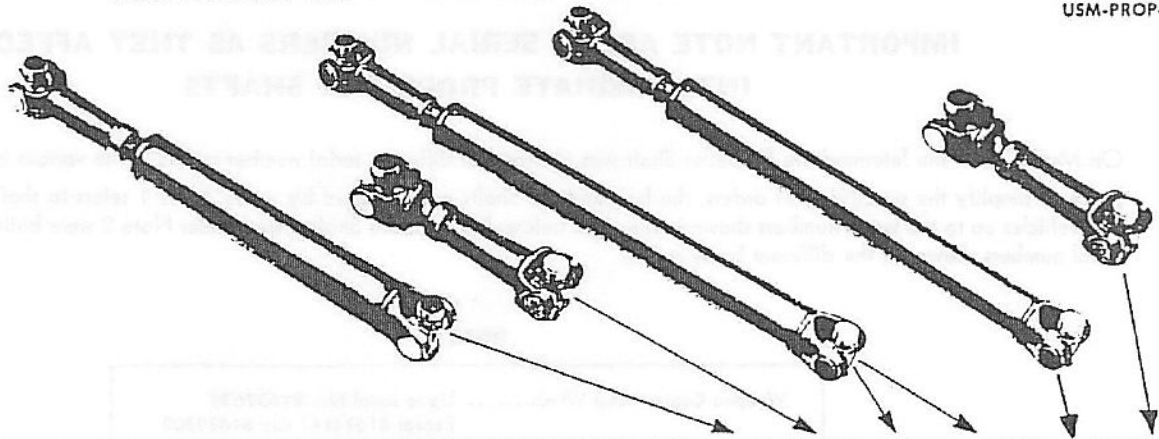

Weapon Carrier—Less Winch.....	After serial No. 81637634 and
	including 81634147 thru 81637300
Weapon Carrier—With Winch.....	After serial No. 81637527 and
	including 81634147 thru 81637300
Command—Less Winch }	After serial No. 81634137
Command—With Radio }	
Command—With Winch.....	After serial No. 81634153
Ambulance.....	After serial No. 81634135
Carry All.....	After serial No. 81634134
Emergency Repair Chassis }	After serial No. 81637634
Telephone Maintenance }
